

EXCHANGE PROGRAMS

The YMCA is the oldest and largest world provider of exchange programs for youth and students and designated by the United States Government to administer J-1 visa program. Thanks to our YMCA family and Partners (CCI, CoE) that involved every year over 200 young persons from Balkan in their exchange activities, seminars, conferences and trainings. It is great opportunity for our young persons to share ideas, experience and understand others, to improve skills and enable people to work together toward peace and justice.
