

# TEN SING

Ten Sing is a YMCA creative arts program for teens, involving music, art, dance and faith. YMCA in Kosova has “**Blue Bridge**” band so-called bridge that divided city Mitrovica after bloody conflicts they had.

“**Blue Bridge**” is a group of Albanian and Serbian from both sides of city, who are playing peaceful music and brings closer people of different religions and ethnicity.

*“Blue Music” is beautiful to listen to and necessary to create inspiration. Inspiration must lead to implementation otherwise it remains only a dream. Listening to the “Blue Music” hopefully makes us as the YMCA both challenging and relevant for young people – a sign of God’s Reign and Love on earth”*
